

Supplier List, updated 01.07.2022

At Tiger of Sweden, we believe that the customer has the right to know where their clothes are made and that transparency of a company's manufacturing supply chain better enables a company to identify risks and strengthen a company's human rights due diligence. We want to increase the transparency in our business and therefore we share below our list of our garment manufacture and fabric mills. Today we update our transparency lists two times per year. The list include garment manufacturers and fabric mills we have place orders with for the last 6 months. Since we value our suppliers cooperation in this procedure, we are working on receiving approvals from all suppliers and are until now able to include 100 % of our garment manufactures and 55% of our fabric mills. By 2030 we aim to achieve complete visibility across our supply chain, including our raw material suppliers, material suppliers, and factories.

FABRIC MILLS	FACTORY	ORIGIN	ADDRESS	PARENT COMPANY	NO OF WORKERS
