At Tiger of Sweden, we believe that the customer has the right to know how and where their clothes are made. The global textile industry is complicated and sometimes hard to grasp, which is why we want to focus our efforts to improve our transparency and traceability. We believe in increasing the transparency in our business and therefore we share below our list of our suppliers. This list will be updated 4 times per year and include all garment manufacturers we have place orders with for the last 3 months.
